NOTICE TO THE TRADE – DeCA NOTICE 14-40

SUBJECT: Your Healthy Lifestyle Festival Update

The purpose of this Notice to Trade (NTT) is to advise Industry of more details regarding the upcoming Your Healthy Lifestyle Festival ~ *Shop Healthy! Eat Healthy! Be Healthy!* We thank you in advance for your participation in what we think will be one of our largest partnership events of the year. By working with our Produce Houses for the farmers markets as well as with you, our Industry Partners, who are offering healthy food products, the commissaries and their customers should benefit greatly from this summer sales event.

You will find a Suggestion Guide to the Fest which will assist your local representatives and our commissary staff in the planning of local Your Healthy Lifestyle Festival. You may have additional ideas and displays that you may want to use. We are very appreciative of anything that you may offer to enhance the quality of this festival. We have also attached the list of store dates for the duration of the festival, June 6 – July 6. As you can see we have received a positive response worldwide from 234 out of 245 stores.

Artwork for this event can be found on [www.commissaries.com](http://www.commissaries.com) in the marketing resources section where all of our campaign artwork is available. Please share this information with your local representatives. The stores will receive their in-store marketing kits the first week of May.

Thanks for everything you do to make our commissaries a great military benefit for our active duty, retirees, Guard/Reserve, and their family members. Good luck on the planning of this community event and do not hesitate to contact Sallie Cauthers, Marketing & Mass Communication Specialist at [sallie.cauthers@deca.mil](mailto:sallie.cauthers@deca.mil) or (804) 734-8000, extension 48769 for more information.

A handwritten signature in black ink, reading "R Chandler".

Randy Chandler  
Director of Sales

## **YOUR HEALTHY LIFESTYLE FESTIVAL CAMPAIGN FESTIVAL INSTRUCTIONS/SUGGESTIONS**

This event guidance pertains to Your Healthy Lifestyle Festival event with Industry support and local military community participation (exchanges, MWR and medical clinic personnel) in or near the commissary parking lot.

### **Suggestions for the Event:**

- A farmers market should be organized with our produce houses. Coupon “bundling” may be available with Industry members who have healthy cereals, lean meats, and other food products that work well with fresh produce.
- Remember your fresh plants and flowers Industry partners! Have a free drawing during the day for a bouquet of flowers and a plant.
- Consider having an Apple Tasting Contest. Have 6– 8 different apples displayed/sliced; offer to contestants and have the contestants guess the name of each apple by writing it down on a card. The one who gets the most correct wins a bag of apples of their choice. (A suggestion...)
- Industry’s pop-up displays/booths. Adjacent to the farmers market, organize Industry’s presentation tables for samplings, demos, and giveaways. Create colorful displays that coincide with the marketing kits. Have industry bring with them 6-foot tables and colorful tablecloths.
- Invite your local medical clinic personnel who can offer healthy lifestyle information and health screenings. They will bring their equipment and display. Offer them a plant (that advertises your fresh plant/flower stand) or bouquet of flowers to “brighten” up their booth or table. Centrally locate the medical booth in high traffic area for maximum exposure.
- Local MWR offerings: Restaurants offering food samples of “healthy” menu selections; fitness centers offering exercise and wellness classes; library offering selection of self-help fitness books and healthy cookbooks.
- Exchanges: Work with them to display their grills and grill accessories for sale. Partner DeCA’s Industry members with the exchange to use their grills for demo purposes. (Advertise their grills; point them to the exchange.) Grill “healthier” hotdog varieties and “new” good for you products such as meatless burgers.
- Use multi-colored balloons everywhere, at every booth. Have coupons everywhere to draw shoppers into the store to shop.
- Reserve a large space in the middle of the festival area for MWR exercise classes, Karate, Boy/Girl Scouts or Boys/Girls Club demonstration, etc. Contact MWR Youth Services for contacts.
- Overseas –AAFES New Car Sales. Ask them to bring a “hybrid” car for display (by the commissary). Fill the car up with healthy Pop Chips and have shoppers guess how many bags are in the car. The car dealers may offer commissary gift cards as giveaways for the winners.

### **Media Activity:**

- Base newspaper. Send DeCA news release to the installation newspaper editor/staff/PAO and ask for maximum publicity in installation newspaper, Facebook, Twitter. Follow up with a telephone call to emphasize the importance of the event. Offer to provide the installation reporter with

information on events planned at your event to localize the article. Offer to be interviewed on the Healthy Festival.

- Other media. Send DeCA news release to other local media you use. For example, retiree affairs office, Ombudsman, Senior Enlisted Advisor, MWR, AFN (overseas)
- Ask the PAO to post the event on the installation Facebook and installation website. Use news release for the information and point them to the use of event graphics on DeCA's Web site.
- Fill in DeCA announcement for your local store information page (template will be sent) and post it.
- Create a store specific radio spot on EXRN by completing the EXRN form and emailing it to decaradio@aafes.com. A general spot appropriate for all stores will also play on EXRN. Stores without EXRN can read the script over the radio. (Script will be sent to all stores.)

**Industry Support may include:**

- Industry tables set up outside within the festival as well as displays inside the commissary and under the canopy at the entrance.
- The main focus is eating healthy. The farmers market should be front and center with partnering Industry booths in and around the market. The exchange's sidewalk sale should "connect" to the market offering fitness equipment and apparel/shoes for sale. Exchanges may also have garden furniture, grills, etc., all connecting to the market. MWR should be at a 4-point location surrounding the entire fest with one area having fitness classes, another having info booths, another focusing on kids' activities, and the other their restaurant's offerings, located near the grills.
- Costumed characters walking around to greet customers and hand out coupons and inflatables, i.e. the Jolly Green Giant or a giant healthy-style cereal box.
- Mass displays throughout the stores with giveaways taking place over the three-day event.

**Other:**

- Consider using "open-sided" canopies outside for shade for the booths/tables if hot weather is predicted. Use your MWR connections for these canopies/open tents. Negotiate your DOD partnership!
- These attachments will be sent to you electronically: Radio Spot Template for stores; Store Page Template for Web pages; Local Press Release template for individual stores.
- The Marketing Kit ~! Put up your banner and posters at least 7-10 days before the event. Place the danglers above your busiest cashier lanes; that will catch the shoppers' eyes! Ensure all your cashiers wear the buttons as well as all your customer service personnel. Everyone should be talking about this great event. Please share a poster with your MWR/Services Marketing Office, so that they can make copies on their color copiers and distribute throughout the MWR/Services facilities. Also offer them a couple of the rack cards in case they want to use them as well. The rack cards should be placed in shoppers' bags or be available at the cashier for more information. And please don't forget to "fill-in-the-blanks" of the dates and times of your event on all of your posters.
- Last, but not least: HAVE LOTS OF FUN!!! ☺
