52.217-4506 (b) PRICE ADJUSTMENTS FOR FOLLOW-ON YEAR REPRICING (DEC 2012)

a. This is a firm, fixed-price contract with provisions for unit prices that are not subject to adjustments on the basis of the contractor's cost experience or cost growth in performing the contract. The only factors subject to adjustment

due to follow-on year repricing will be wage rates/fringes, federal or state mandated changes to payroll expenses, and other payroll expense changes deemed appropriate for payment by the contracting officer that may be outside the contractor's control such as Worker's Compensation premiums. Scope and workload changes shall be handled in a separate proposal from renewal proposals.

b. Resultant increases in labor costs associated with Department of Labor wage determinations shall have no effect on any other escalated cost elements or productivity rates proposed. Wage rate/fringe changes are applicable to the prior agreed upon base year man-hours. Supervisors and lead labor positions not covered by the Department of Labor wage determination shall receive a wage or salary increase that is equal to the weighted average increase for all positions supervised. Direct labor fringe including supervision fringe shall only be adjusted for applicable Department of Labor increases in the health and welfare rates.

c. The Follow-On Years may include an escalation factor per year for expendable supplies, vehicle operation, and rental equipment. The applicable escalation factor shall be applied to Follow-On Year pricing and be evaluated prior to award. Application of an escalation factor after award will not be permitted. At the time of annual repricing of the Follow-On Year, only these elements will be subject to negotiation if the applicable Producer Price Index (PPI) provided by the Committee reflects a change of 40 percent above or below the factor. For example, if the factor was 2%, the range would be 1.2 to 2.8 percent where no adjustments are necessary. Therefore, the dollars associated with this pricing element shall remain as initially proposed for each Follow-On Year, unless a workload change requires an adjustment to expendable supplies, vehicle operation, and/or rental equipment, respectively. The need for increases/decreases, due to changes in existing workload, will be evaluated and negotiated on a case-by-case basis during post-award contract administration.

d. Unless there is a change in existing workload, pricing for all remaining direct cost elements, such as major equipment, minor equipment, and subcontracting are to remain level for the term of the contract. The need for increases/decreases, due to changes in existing workload, will be evaluated and negotiated on a case-by-case basis during post-award contract administration.

e. An annual escalation not to exceed 2.0 % may be imposed for overhead, G&A, and net proceeds. The 2% escalation will be factored into the Follow-On Year's price at the time of contract award (base year). Application of this increase after award will not be permitted. The decision to exclude the 2% factor into the Follow-On Year at the time of award will result in the inability to factor it in after award. If this increase is proposed at the time of initial award, the overall price (inclusive of all other escalations) will be evaluated as a five-year price in comparison with standard commercial prices (SCP) versus a one-year comparison, when no escalation is proposed. The dollars associated with this escalation factor for each Follow-On Year shall remain fixed throughout the life of the contract, unless a workload change occurs. Should a workload change be ordered, the associated adjustments (increases/decreases) to burden dollars will be applied at the burden rates evaluated and accepted at contract award, for the annual service periods (FOY-1, FOY-2, and so forth) in the period for which the workload adjustment occurs (i.e., the burden rate accepted for FOY-1 at the time of contract award is applied to workload changes for FOY-1 and so forth for each subsequent FOY). unless there is a change in existing workload, pricing for overhead, G&A, and net proceeds are to remain at the proposed dollars for the term of the contract.

f. On a case-by-case basis, the Contracting Officer shall review the estimated shelf stocking workload in the contract to ensure it adequately reflects the actual cases stocked. The contractor may request that the Contracting Officer review the estimated shelf stocking workload if there is a 10% or greater variance in workload for cases stocked which occurs over a six-month period. Workload/price changes are not mandatory/automatic when reviews occur, and are dependent upon reasons for and/or circumstances surrounding the variance. If the Contracting Officer determines an adjustment is warranted, the price should be negotiated and the contract modified accordingly.

g. A line item for repair of Government Furnished Equipment shall be estimated at the time of contract award for budgetary and funding purposes only. This line item should be treated as a pass through cost based upon actual cost and invoiced by the contractor to DeCA at the actual cost. As such, contractors shall invoice and the Government shall pay for repairs against this line item at cost and without application of fee, burdens, or other factors.

h. Payroll expense rates are expected to remain level throughout the life of the contract. However, if federal or state mandated payroll expenses such as FICA, FUTA, and SUTA change during the life of the contract, the changes will be implemented in accordance with the law. Increases, such as Worker's Compensation rates, that are not federal or state mandates will be reviewed and considered by the Contracting Officer for contract modification only if the work center can justify the increase and that the best available rate was sought. DeCA reserves the right to request payroll tax rate information and to challenge unreasonable non-federal/state payroll tax rate adjustments (i.e. Worker's Compensation). Decreases in Worker's Compensation rates realized during the life of the contract, shall be passed on to DeCA, when follow-on years are exercised. Other payroll expense increases are not allowable under this contract.

i. The Committee guidelines for the application of the 3.85 percent CNA fee are fixed and not negotiable. The CNA rate shall be applied to the revised Total Service Cost, as adjusted. This includes increases resultant from DoL wage determinations.

52.222-4504 FAIR LABOR STANDARDS ACT/SERVICE CONTRACT ACT--(PRICE ADJUSTMENT FOR FOLLOW-ON YEARS) (OCT 1995)

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts subject to collective bargaining agreements.

(b) The Contractor warrants that the prices in this contract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(c) The wage determination, issued under the Service Contract Act of 1965, as amended, (41 U.S.C. 351, et seq.) by the Administrator, Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, current on the anniversary date of a multiple year contract or the beginning of each option/follow-on period, shall apply to this contract. If no such determination has been made applicable to this contract, then the Federal minimum wage as established by section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, (29 U.S.C. 206) current on the anniversary date of a multiple year contract or the beginning of each option/follow-on period, shall apply to this contract.

(d) The contract price or contract unit price labor rates will be adjusted to reflect the Contractor's actual increase or decrease in applicable wages and fringe benefits to the extent that the increase is made to comply with or the decrease is voluntarily made by the Contractor is a result of:

(1) The Department of Labor wage determination applicable on the anniversary date of the multiple year contract, or at the beginning of the option/follow-on period. For example, the prior year wage determination required a minimum wage rate of \$4.00 per hour. The Contractor chose to pay \$4.10. The new wage determination increases the minimum rate to \$4.50 per hour. Even if the Contractor voluntarily increases the rate to \$4.75 per hour, the allowable price adjustment is \$.40 per hour;

(2) An increased or decreased wage determination otherwise applied to the contract by operation of law; or

(3) An amendment to the Fair Labor Standards Act of 1938 that is enacted after award of this contract, affects the minimum wage, and becomes applicable to this contract under law.

(e) Any adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (c) of this clause, and the accompanying increases or decreases in social security and unemployment taxes and

workers' compensation insurance and shall allow application of the 3.85 percent CNA fee to the Revised Total Service Cost.

(f) The Contractor shall notify the Contracting Officer of any increase claimed under this clause within 30 days after receiving a new wage determination unless this notification period is extended in writing by the Contracting Officer. The Contractor shall promptly notify the Contracting Officer of any decrease under this clause, but nothing in the clause shall preclude the Government from asserting a claim within the period permitted by law. The notice shall contain a statement of the amount claimed and any relevant supporting data, including payroll records, that the Contracting Officer may reasonably require. Upon agreement of the parties, the contract price or contract unit price labor rates shall be modified in writing. The Contractor shall continue performance pending agreement on or determination of any such adjustment and its effective date.

(g) The Contracting Officer or an authorized representative shall have access to and the right to examine any directly pertinent books, documents, papers and records of the Contractor until the expiration of 3 years after final payment under the contract.

Added responsibility, as a result of this requirement will be added by change order or supplemental agreement by the Contracting Officer. No price increase shall become effective until approval by the Contracting Officer.

(a) Method of payment. (1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either--

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

(b) Contractor's EFT information. The Government shall make payment to the Contractor using the EFT information contained in the System for Award Management (SAM) database. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the SAM database.

(c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the

Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

(d) Suspension of payment. If the Contractor's EFT information in the SAM database is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into the SAM database; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) Liability for uncompleted or erroneous transfers. (1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for--

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and--

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(f) EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in the SAM database and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims pursuant to subpart 32.8, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.

(i) Payment information. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in the SAM database.
