PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

1. DOD INFORMATION SYSTEM/ELECTRONIC COLLECTION NAME:

EBS Increment 3/CARTS R/M (Store Level)

2. DOD COMPONENT NAME:	3. PIA APPROVAL DATE:
Defense Commissary Agency ▾	06/01/18

SECTION 1: PII DESCRIPTION SUMMARY (FOR PUBLIC RELEASE)

a. The PII is: (Check one. Note: foreign nationals are included in general public.)

☐ From members of the general public   ☐ From Federal employees and/or Federal contractors

☒ From both members of the general public and Federal employees and/or Federal contractors   ☐ Not Collected (if checked proceed to Section 4)

b. The PII is in a: (Check one)

☒ New DoD Information System   ☐ New Electronic Collection

☐ Existing DoD Information System   ☐ Existing Electronic Collection

☐ Significantly Modified DoD Information System

c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

EBS Increment 3 provides a new point-of-sale (POS) system for the Defense Commissary Agency (DeCA). The POS system must validate shopping privileges via the Defense Manpower Data Center using web services with a query based on the Barcode 39 value from a military ID. Depending on the payment method the customer uses, additional information may be required. For instance, Treasury processing of a personal check requires images of the front and back of the check as well as a customer ID unique to the the individual. The default check ID will be the Barcode 39 value from the ID card. If there is no Barcode 39, the secondary ID choice is the DoD ID number printed on the military ID; the tertiary ID choice is the SSN when there is no Barcode 39 or DoD ID number; in Korean commissaries only, the ration card can be used to identify the customer.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

Mission related use to authenticate customers and accept their tenders

e. Do individuals have the opportunity to object to the collection of their PII?   ☐ Yes   ☒ No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

DoD policy requires DeCA to validate shopping privileges. Treasury policy requires a customer ID for electronic check processing though OTCnet.

f. Do individuals have the opportunity to consent to the specific uses of their PII?   ☒ Yes   ☐ No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

Customers can choose to use tenders which do not require PII (e.g. use cash instead of a personal check or credit card). If customers do not want to participate in digital coupons or other promotional activities, the customer can elect not participate in "opt in" registration activities.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

☒ Privacy Act Statement   ☐ Privacy Advisory   ☐ Not Applicable

Collection of Social Security Number/Military ID Card Bar Code Value/DoD ID Number
Authority: 10 U.S.C. 2481, 2485(g) and (h); DoD Instruction 1330.17; E.O. 9397
Principle Purposes: To positively identify authorized patrons of the Defense Commissary Agency; to
enable patrons to tender payment for groceries and household goods by means of check; to
enable the Defense Commissary Agency to identify writers of previously dishonored checks; and to
obtain general aggregated demographic data concerning authorized patrons, including Military
Service affiliation and status, from the Defense Enrollment Eligibility Reporting System (DEERS).
Routine Uses: Disclosures are permitted under 5 U.S.C. 552a(h), Privacy Act of 1974, as amended.
In addition, information may be disclosed to the United States Treasury for electronic check
processing and electronic funds transfers related to check charges, and for any Department of
Defense Commissary Agency "Blanket Routine Use" as published in the Federal Register.
Disclosure: Voluntary; however, failure to furnish the information requested may result in inability
to shop in the commissary and/or refusal to accept a check from the patron and require
payment by other means.

k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is <u>retrieved</u> by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

☒ Yes   ☐ No

If "Yes," enter SORN System Identifier   Z0035-01

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or http://dpcld.defense.gov/Privacy/SORNs/
    or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

l. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?

(1) NARA Job Number or General Records Schedule Authority.

(2) If pending, provide the date the SF-115 was submitted to NARA.

(3) Retention Instructions.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statue or Executive Order.

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
(2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).

(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.

DoD policy requires authentication of customers to ensure they are entitles to shop at a commissary; this is achieved by validating the customer has commissary privileges associated with their ID card by querying the DMDC database using encrypted web services. Treasury electronic check processing via OTCnet requires a patron identifier as part of the data exchange which supports the bad check list maintained by Treasury. Offline processing of credit card tenders requires the POS to retain credit card information in an encrypted format until the connection is restored.

n. Does this DoD information system or electronic collection have an active and approved Office of Management and Budget (OMB) Control Number?

Contact the Component Information Management Control Officer or DoD Clearance Officer for this information. This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.

☐ Yes   ☒ No   ☐ Pending

(1) If "Yes," list all applicable OMB Control Numbers, collection titles, and expiration dates.
(2) If "No," explain why OMB approval is not required in accordance with DoD Manual 8910.01, Volume 2, " DoD Information Collections Manual: Procedures for DoD Public Information Collections."
(3) If "Pending," provide the date for the 60 and/or 30 day notice and the Federal Register citation.

Information collected as part of DeCA retail operations determined to be exempt from PRA OMB control number requirements by DeCA GC memo of October 22, 2012.
